Wilhelmina and
Children, waiting to
Be tested 2007

The Explosive, blazing, The Mrembo Danse, at Le Manior, on Saturday, August 23rd was a fundraiser for medicine, educational material , hospital equipment and food. It included the Voices of Africa, for whom Wilhelmina single handedly secured visas for the 12 the Children, which is a victory in it self. Unfortunately they got the visas late, but will appear in Montreal at a later date. They will perform for Wilhelmina and Elisabeth in Dar-es Salaam on September 27th, 2008; The Zerf team will also give presentations at the schools and cultural communities of what we, as Quebecois, do to help the children in Tanzania They are the guests of the Keys Hotel in Moshi Kilimanjaro.

We thank all our participants, sponsors and donors, for your generous donation. We still need the public to help to pay for the medicine, we are carrying from Health Partners International of Canada and the pharmaceutical companies in Quebec. I also thank the generous drugstores and doctors for their help. This is the second time in this, our 20th anniversary year, to carry medicine to Africa. Doctor Huques Loemba our principal physician just returned (August 22

nod) from the Congo, where he delivered for Zerf productions \$250,000 worth of Medicine to the children in the Congo. We need \$35, 000 to pay for the medicine and testing that Zerf Productions is delivering to Tanzania. Zerf Productions operates solely on the help of Montrealers and our community. Please help us deal with this killer disease. HIV and Hunger are a deadly combination.
